Reasons for Significant Variances:

- None

Notes:

- A - The Office continues to forecast to budget due to the nature of the subvote purpose.
- B - At this time, the Office is not allocating any of the unforeseen expenses to subvote PA02 related to unbudgeted work for the *Special Report: Land Acquisition Processes—The Global Transportation Authority and Ministry of Highways and Infrastructure* because of the following. As reflected in our *2016 Annual Report on Operations* (p. 55), the Government's decision to change the fiscal year-end of CIC and its subsidiaries from December 31 to March 31 impacted the Office's 2015-16 and 2016-17 work plans. In the period of transition, this change results in the costs of our involvement being spread between both work plans. As such, the Office anticipates incurring decreased costs in the 2016-17 work plan for our involvement in the CIC sector integrated audits. At this time, it anticipates this decrease may substantively offset additional costs incurred to complete the Special Report.

¹ Provides for unforeseen expenses pursuant to Section 10.1 of *The Provincial Auditor Act*

² The Standing Committee on Public Accounts approved the Office's budget on January 14, 2016. The Standing Committee on House Services approved the Office's budget on June 27, 2016. The Office's budget is included on page 133 of the Government's *2016-17 Estimates*.
