**MEMORANDUM**

---

---

**TO:** PUBLIC ACCOUNTS COMMITTEE  
**FROM:** BRYAN RICHARDS  
**SUBJECT:** INFORMATION REQUESTED BY PAC – FEBRUARY 13, 2017  
**DATE:** MARCH 20, 2017

Uploaded onto the enclosed USB drive is information/records from the Global Transportation Hub requested by your committee on February 13, 2017. The USB contains the following documents:

- Table of responses to specific requests made by PAC on February 13, 2017.
- Although not specifically requested by PAC, we felt the committee should have access to all the all publicly-released documents from the GTH related to the land purchase. We are providing more than 1,000 pages previously released through various Freedom of Information requests.

The one piece of outstanding information requested by PAC is the historical GTH emails requested by the Provincial Auditor. There were more than 2,300 GTH emails and their attachments restored by ITO last spring at the request of the Provincial Auditor. Consistent with *The Freedom of Information and Protection of Privacy Act*, we continue to review and prepare these documents. We anticipate it will take up to another six weeks to be in a position to table those documents for the committee.
