NAYS – NIL

The said Bill was, accordingly, read a second time.

On motion of the Hon. Ms. Higgins:

Ordered, That That Bill No. 122 – The Miscellaneous Labour Statutes Amendment Act, 2005 - be now referred to the Standing Committee on the Economy.

STATEMENT BY THE SPEAKER
(Bill Nos. 122 and 206 of 2005)

I draw to the attention of Members that this Assembly has two bills on the Order Paper that contain provisions with substantially the same purpose: Bill No. 206 – *An Act to amend The Labour Standards Amendment Act, 1994* under the name of the Member for Canora-Pelly (Mr. Krawetz), and Bill No. 122 – *An Act to amend certain Labour Acts* under the name of the Minister of Labour (Hon. Ms. Higgins). Both bills propose to repeal the same sections of *The Labour Standards Amendment Act, 1994*.

According to *Ersine May Parliamentary Practice*, Twenty-second Edition, p. 499:

“There is no rule or custom which restrains the presentation of two or more bills relating to the same subject, and containing similar provisions. But if a decision of the House has already been taken on one such bill, for example, if the bill has been given or refused a second reading, the other is not proceeded with if it contains substantially the same provisions ...”

This Legislative Assembly has numerous precedents on the subject of the "same question rule" with respect to bills. It has been ruled that once the Assembly has given or refused second reading on one bill, the Speaker must then prevent any further consideration of the other bill.

On May 12, Bill No. 122 received second reading. Consequently, it is necessary that I order that Bill No. 206 be removed from the Order Paper.

On motion of the Hon. Ms. Atkinson:

Ordered, That this Assembly do now adjourn.

The Assembly adjourned at 5:29 p.m. until Friday at 10:00 a.m.

Hon. P. Myron Kowalsky
Speaker

QUESTIONS AND ANSWERS

Mr. Kerpan asked the Government Question No. 1236, which was answered by the Hon. Mr. Van Mulligen:

To the Minister of Finance: Does the provincial government currently levy any taxes related to the generation of electricity by individuals who generate power off the electrical grid?

Answer:

Diesel fuel used in generators to produce electricity is subject to the Fuel Tax at a rate of 15 cents per litre. However, fuel used to generate power for mineral exploration companies and for mining companies in remote locations is eligible for a tax remission.

Mr. Kerpan asked the Government Question No. 1237, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Does SaskPower currently levy any fees on individuals who generate power off the electrical grid?

Answer:

Under *The Electrical Inspection Act, 1993*, all electrical installations, including those not connected to the SaskPower grid, must be inspected by an authorized inspector for safety and conformity to the Canadian Electrical Code and a fee is assessed for that service. Additionally, any producer of power for “personal” use may seek to connect to SaskPower’s grid for back-up power needs, and a hook-up and monthly fee is charged for this connection.

Mr. Kerpan asked the Government Question No. 1238, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Please provide the following productivity measures for 2003: (1) Number of customers per employee. (2) Power generated per employee. (3) Power generated per dollar of assets.

Answer:

- (1) 183.70
- (2) 6.83 GWh
- (3) 4.50 KWh

Mr. Kerpan asked the Government Question No. 1239, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Please provide the following productivity measures for 2002: (1) Number of customers per employee. (2) Power generated per employee. (3) Power generated per dollar of assets.

Answer:

- (1) 184.78
- (2) 6.60 GWh
- (3) 4.27 KWh

Mr. Kerpan asked the Government Question No. 1240, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Please provide the following productivity measures for 2001: (1) Number of customers per employee. (2) Power generated per employee. (3) Power generated per dollar of assets.

Answer:

- (1) 189.00
- (2) 6.52 GWh
- (3) 4.15 KWh

Mr. Kerpan asked the Government Question No. 1241, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Please provide the following productivity measures for 2000: (1) Number of customers per employee. (2) Power generated per employee. (3) Power generated per dollar of assets.

Answer:

- (1) 196.79
- (2) 7.03 GWh
- (3) 4.78 KWh

Mr. Kerpan asked the Government Question No. 1242, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: Please provide the following productivity measures for 2004: (1) Number of customers per employee. (2) Power generated per employee. (3) Power generated per dollar of assets.

Answer:

- (1) 183.21
- (2) 6.66 GWh
- (3) 4.17 KWh

Mr. Kerpan asked the Government Question No. 1243, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: How much of the \$317 million budgeted for operating, maintenance and administrative expenses in 2004 was spent on wages and benefits?

Answer:

\$166 million in wages, salaries and benefits was included in the budgeted operating, maintenance and administrative expenses in 2004.

Mr. Kerpan asked the Government Question No. 1244, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: How much of the \$301 million budgeted for operating, maintenance and administrative expenses in 2003 was spent on wages and benefits?

Answer:

\$161 million in wages, salaries and benefits was included in the budgeted operating, maintenance and administrative expenses in 2003.

Mr. Kerpan asked the Government Question No. 1245, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: (1) Under what conditions would a new employee of SaskPower be able to join the Power Corporation Superannuation Plan? (2) Since January 1, 1999, how many employees have joined the Power Corporation Superannuation Plan?

Answer:

- (1) Only those employees who are subject to *The Superannuation (Supplementary Provisions) Act* and Uniform Regulations who transfer from another government agency without any break in continuity of employment may join the Power Corporation Superannuation Plan.
- (2) Since January 1, 1999, 2 employees have joined the Power Corporation Superannuation Plan.

Mr. Kerpan asked the Government Question No. 1246, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: How many customers are signed on to the GreenPower program? Please provide a breakdown based on total users, residential users, commercial users and government users.

Answer:

As of March 31, 2005, SaskPower has 920 customers signed on to the GreenPower program: 912 residential and farm mass market customers, 5 large commercial and institutional customers, SaskPower, the Province of Saskatchewan and the Government of Canada.

Mr. Kerpan asked the Government Question No. 1247, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: How many customers were signed on to the GreenPower program in 2004? Please provide a breakdown based on total users, residential users, commercial users and government users.

Answer:

As of December 31, 2004, SaskPower has 916 customers signed on to the GreenPower program: 908 residential and farm mass market customers, 5 large commercial and institutional customers, SaskPower, the Province of Saskatchewan and the Government of Canada.

Mr. Kerpan asked the Government Question No. 1248, which was answered by the Hon. Mr. Quennell:

To the Minister Responsible for Saskatchewan Power Corporation: (1) What is the corporation's tendering process? (2) Is the lowest tender guaranteed the contract? (3) Are unsuccessful bidders notified of the successful bidder and bid?

Answer:

- (1) The procurement of all goods and services made in the ordinary course of business are made in accordance with policies approved by the SaskPower Executive and Board of Directors. For purchases less than \$5,000, tendering is not mandatory. Employees are permitted to procure goods and services up to \$5,000. They are encouraged to obtain quotations and rotate business in the community in order to provide equal opportunities for the local vendors. For purchases \$5,000 to \$25,000, an informal tender process is utilized. Employees are required to obtain a minimum of three competitive quotes using a structured process. The process ensures a fair and competitive process and that financially sound decisions are reached. For purchases \$25,000 and greater, a formal tender process is utilized where tenders are issued by the purchasing department. The formal tendering process includes letters of invitation, bid return labels, letters to unsuccessful bidders and a bid depository. SaskPower Internal Audit personnel participate at tender openings where estimates exceed \$200,000. Formal tenders include: instructions to tenderers, supplementary conditions, general conditions, specifications, tender schedules, site labour requirements and project specifications.
- (2) The lowest tender is not guaranteed the contract if the bid does not meet the technical specifications. In tenders where evaluation criteria is used (e.g. RFP - request for proposals) price is not always given highest consideration. Vendors are rated on other aspects such as: qualifications, delivery, warranty, technology or Saskatchewan content. SaskPower also incorporates the use of a schedule in its tenders where price is the primary consideration. However factors such as Saskatchewan content, warranty, delivery, etc., may be included in the evaluation.
- (3) In the formal tendering process bidders are advised of the successful bidder's name. SaskPower does not disclose the details or results on specific tendering analysis which includes pricing.

Ms. Harpauer asked the Government Question No. 1249, which was answered by the Hon. Mr. Van Mulligen:

To the Minister Responsible for SaskEnergy Incorporated: (1) What is the corporation's tendering process? (2) Is the lowest tender guaranteed the contract? (3) Are unsuccessful bidders notified of the successful bidder and bid?

Answer:

- (1) SaskEnergy's tendering process formally tenders the purchase of goods and services in excess of \$10,000. The tender process is designed to ensure that all bidders are treated fairly and good value is received for corporate purchases.
- (2) SaskEnergy's bid process consists of tenders which are evaluated strictly on price, as well as request for proposals (RFPs) which are evaluated on a number of criteria, of which price is one factor. In a tender, the lowest qualified bid almost always receives the award. Rare exceptions may occur where supported by a business case, or to enhance Aboriginal or Saskatchewan content. These exceptions must be authorized as per corporate policy. An RFP will be awarded to the proponent which has the best overall proposal based on pre-determined criteria.
- (3) Unsuccessful bidders are notified of the successful bidder. However, the bid price is not disclosed to protect the competitiveness of the bid process.
