Dear Terry Dennis:

In response to requests posed during Estimates for the Ministry of SaskBuilds and Procurement on April 29, 2021, officials inform me of the following information:

**Linkin Costs to-Date and Yearly Maintenance and Licensing Costs**

- Through April 2021 a total of \$73.3 million (M) has been spent on the Linkin case management system. This includes all development and operational costs since system implementation in June 2012. Yearly costs for licensing and maintenance are approximately \$2M.

I trust the committee will find this information of value.

Sincerely,

Jim Reiter  
Minister of SaskBuilds and Procurement
