Traffic safety Committee:

My name is Jason Beebe and I'm writing this letter on behalf of Earl Beebe trucking in Big River. I am a Saskatchewan party member. My position with the company is operations manager. I would like to bring to the committee's attention the current conditions of our bridges, railroad crossings and overpasses in Saskatchewan. Recently, a bridge collapsed in Washington State. In order to ensure the safety of the public and all commercial Traffic, I am of the opinion that structures such as these should undergo annual mandatory inspections. This should be done with cooperation from all municipal governments as well as the provincial government. Actions such as these would ensure public safety.

Thanks,

Jason Beebe.
